

## NOTICE TO PARENTS

We have had a stretch of inclement weather in the last week. Wisconsin Public Schools must meet a minimum number of hours of instruction. With the recent days off due to the weather we will be running short on hours.

Beginning on February 11 and continuing for the rest of the year, our school day will begin at 8:05 rather than 8:10. We will also be holding full days of school on March 8 and April 5 rather than having early releases.

Thank you for your cooperation as we continue to deal with inclement weather. The safety of our students is first and foremost in these situations.
